Indo ArcGIS Enterprise Advanced on 3 Year Cloud - Large (AGEA-MC8)

Indo ArcGIS is the one-stop destination for all your GIS needs. Powered by industry-leading ArcGIS technology, Indo ArcGIS offers out-of-the-box solutions and data products for solving the most pressing social and business challenges.

Key Features

- 900+ Data Layers through the Indian edition of ArcGIS Living Atlas
- 200+ unique solution products, including innovative solutions for forest management, disaster management, electrical utilities, land records, property tax management, weather and more

Indo ArcGIS on Cloud Infrastructure

Deployed and managed by Esri India experts, Indo ArcGIS on Cloud gives you higher utilization with peace of mind at a lower total cost of ownership. It offers Ready to Use solution products, base map and 900+ data layers with Cloud advantage. It is a first-of-its-kind bundled solution (Software, Infra, Managed Services), specially curated for Indian customers

Key Benefits of Indo ArcGIS on Cloud

- Reduction in the total cost of owning a GIS
- No hassles of hardware procurement and upgrade
- Best-in-class secured cloud infrastructure from

India data center
- Periodical backup and restoration, anti-virus services at no extra cost
- Setup and managed by Esri ArcGIS and Cloud experts
- India base map and data layers as a service included at no extra cost
- Ready to use configured industry solution products at no extra cost
- Accelerated GIS Deployment – ready to use
- High availability (98% during working hours)

Important Considerations:

- This package offers set-up of PostgreSQL as data store. In case the customer decides to use any other standard database such as Oracle or MS-SQL Server, they will need to bring their own licenses for the purpose.
- If a customer requires migration of the existing application and data to Cloud, they can engage Esri India professional services.
- This offering is hosted on RailTel India data centres. Railtel is Meity empaneled CSP (Cloud Service Provider). Both DCs (at Secunderabad and Gurugram) are Tier-III Certified by Uptime Institute, USA.

What's Included

Indo ArcGIS Enterprise Advanced on 3 Year Cloud - Large (AGEA-MC8)
